## ABOUT

I am a tech enthusiast, my passions revolve around coding, designing, and content creation, which constantly drive me to innovate and make a positive impact.

Currently i am learning Full stack web development and working on different projects alongside.

I'm excited to connect with like-minded professionals in the industry and explore new opportunities for collaboration.

### SKILLS

Frontend development, Content writing, graphic designing, video editing, logo designing, events planning, public speaking, writing, communication, leadership.

### EXPERIENCE

- I was a prefect in my school and managed major events and also discipline among juniors.
- Coordinated and managed multiple school events, resolving issues in a positive and efficient manner to ensure timely completion.
- Worked as a Free lancer for a story publishing community/website name BOOKS AMEYA.
- Basic editing of some Youtube shorts for my brother's Youtube channel, also have proven track record of video editing, logo designing and content writing.
- Designed a decent logo for EASE HIKES & Incubation center of NIT srinagar however it was not selected.
- Conduction and management work in Logo redesigning and doodling competition with my teammates in TECHVAGANZA 2023 a biggest fest of J&K.

Work sample as a Free lancer content writer
